Villa Food stocks your villa with all the groceries and provisions required for your stay on St. John, USVI.

## **What we do:**

We deliver groceries to you! You get to pick exactly what provisions you want, and we will have it delivered to your villa before you arrive. So when you get to your villa after a long day of traveling, the snacks and beverages are waiting for you.

Most people do not want to grocery shop on vacation... especially on St John. Most shoppers have to drive to 3 or 4 separate grocery stores to find all of the wanted items. On our island, all products are imported, and not all stores carry the items you may need. Who wants to spend precious vacation time finding & driving around the island, shopping and waiting in line to try to find GROCERIES?

After a long day of traveling to reach our tiny island, upon arrival to St John, many people find the grocery stores, and many restaurants are closed. Villa Food will make sure that no matter what time you arrive at your villa, the food & beverages are there. Settle into your vacation with chilled beverages, and some snacks. And the coffee and breakfast will be at your fingertips when you wake up.

## **What makes us special:**

We allow you to custom order your groceries. We don't require that you pick a "pre-selected" package. In other words, you get what YOU want. This is your vacation! We even accommodate special requests and special diets.

## **Mid Week Service:**

We will restock your villa mid stay for you. Out of wine and cheese? Need more grilling items? We are available to replenish your kitchen with just a phone call.

## **Fees:**

From the total grocery bill, we charge a 20% shopping & delivery fee. (With a minimum fee of \$50.00) Yes! That's it! For 20% of your grocery total - someone shops, bags, carts, delivers and puts away all of your groceries and beverages! What a great start to vacation!

- Customized grocery shopping
- Catering to special dietary needs
- Can provide special services such as cake ordering/delivery
- Can provide decorations for special occasions
- Access to fine, hard to find wines
- Mid week replenishment
- Provisioning is all that we do, so we can specialize & be detail oriented
